ASIS TOUCHLAM

ANTI-FINGERPRINT LAMINATE

ASIS Touchlam is a special laminate that has incredible resistance to fingerprints, with a satin-smooth luxurious surface. This revolutionary matt laminate will change the way you look at interior surfaces.

Matt has a beautiful non-gloss texture that can otherwise fall prey to fingerprint marks, scratches and scuffs. Be it fabric, paper or laminates, matt is otherwise highly prone to losing its brightness & life over use.

Asis introduces Asis Touchlam Anti-fingerprint Laminates, a super smooth extra matt surface solution that is resistant to fingerprints. Its state-of-the-art technique of Electron Beam Curing ensures that the surface is non-porous. It is then compressed with Kraft Paper under high temperature & pressure to create Asis Touchlam Anti-fingerprint Laminates. Its non-porous top surface rejects reflection of light & thus brings you a super matt anti-fingerprint surface!

FEATURES

Soft Touch

Scratch Resistant

Matt Surface

Hydro Repellent

Mould Resistant

Easy To Clean

Sizes Available

1220 mm X 2440 mm | 1300 mm x 2800 mm | 1300 mm x 3050 mm

Thickness Available : 0.7 mm to 18 mm

FREEDOM OF APPLICATIONS

The versatility of usage is the hallmark of ASIS Touchlam - the anti-fingerprint laminates from ASIS! Be it the laminate's hydro-repellant property that makes it essential for wet areas such as kitchens, toilets, and backyards; Or its ability to withstand heavy usage such as in offices, malls, and commercial spaces; ASIS Touchlam gives you the creative freedom to plan and experiment. But most of all, it is the hygienic and cosmetic property of being smudge-proof and easy-to-clean that makes this family of laminates an absolute 'must-have' for spaces such as spas, healthcare facilities, eateries, educational institutions, and more!
